Developers

Your Room, Australia.

Summary

Students answer questions about drugs and alcohol in an interactive quiz. Questions are timed and three incorrect answers will knock students out of the game. Questions cover a range of substances and related issues, so that students receive a broad education.

Format

Online quiz with 6 levels and four questions in each level. Students select their time difficulty at the start of the quiz (easy, medium or hard). If students answer three questions incorrectly they are knocked out of the game. They can start the quiz again as many times as they would like.

Expected Benefits

- Increased general knowledge of drug(s).
- Increased knowledge of drug-related effects and harms.

Evidence Base

The benefits of this game have not been evaluated in a research study. The Your Room website has been verified and developed in consultation with clinical experts. The information derives from a harm minimisation approach and is factual.
