Watch 'Choose Vape Free'

Developers

- Lung Foundation Australia
- Na Joomelah
- National Best Practice Unit (NBPU): Tackling Indigenous Smoking

Summary

This First Nations vaping animated video series explores the effects of e-cigarettes/vapes on the body as well as the environment. The videos discuss chemicals found in e-cigarettes, and how young people may benefit from choosing to be vape free.

Three 30 second videos with a supporting factsheet available on the Lung Foundation Australia website.

Expected Benefits

- Increased knowledge of e-cigarette/vape-related effects and harms.
- Information on how e-cigarettes/vapes impact the environment.

Evidence Base

The videos were created by Lung Foundation Australia in collaboration with two Tackling Indigenous Smoking (TIS) organisations. The video series describes chemicals commonly found in e-cigarettes, and how they can impact health and the environment. The videos are supported by morein depth information, including resources to help quit vaping.
