Worksheet: Influences and reasons for drug use

List reasons why some teenagers use drugs.	List reasons why most teenagers do not use drugs.
For each of the reasons you have listed for w	hy some teenagers use drugs, can you

For each of the reasons you have listed for why some teenagers use drugs, can you think of some other ways teenagers could achieve the aims in a different 'drug-free' way? It may help to think about what type of drug-free activities are common among young people.

For example, some teenagers might use drugs to seek thrills. Another way in which this
desire could be met is through abseiling or bushwalking.

What percentage of 14-17 year olds do you think have ever tried cannabis?											
Out of every ten 14-17 year olds, how many have tried cannabis? Tick the boxes (if PDF) or shade your response (if printed).
