Developers

Dr Emily Stockings, the Matilda Centre for Research in Mental Health and Substance Use at the University of Sydney.

Available

1 hour webinar recording and handout, available on demand.

Summary

This webinar is for school staff, parents and health professionals who are seeking information on electronic cigarettes (e-cigarettes) and vaping. E-cigarettes have become one of the most hotly debated topics in recent years, and use among young people is rising rapidly.

Benefits

This webinar will:

- Give an overview of e-cigarette trends in Australia
- Summarise potentially effective interventions for schools
- Give an update on upcoming trials and resources
- Provide some brief tips for engaging in conversations about vaping with young people.

Evidence Base

This webinar was developed by Dr Emily Stockings, the Matilda Centre for Research in Mental Health and Substance Use at the University of Sydney. It was informed by a review of research evidence on this topic.
